

8th Grade Science Reflection on Glogster. Song or Music Video

You guys survived Mr. Na's Science class! We will now reflect on what you have learned by using Glogster, Garage Band, or iMovie. Your project must include the following information.

- A. List top five labs.
 - 1) Explain in detail why you enjoyed the lab. Include at least two things you learned from the top two labs.

- B. List two labs you did not enjoy.
 - 1) Include at least two reasons why you did not enjoy it.
 - 2) Explain what can be done differently to make it better.

- C. List top 3 topics that were most interesting.
 - 1) For top 2, provide 2 reasons why you found it interesting.

- D. List top 3 topics that were most difficult to understand.
 - 1) Provide two details.

- E. Make you own top 3 list!
 - 1) Provide two details.

On the Glogster you must include

Information A - E
2 music (science related)
2 videos(of experiments)
10 physical science related pictures.

Song Requirements

Lyrics have to rhyme (must include 3 of options A – E listed above)
Full length of the original song
Everyone has to sing part of the song (minimum of 4 lines)

Music Video Requirements

(extra credit based on how well the video is made)
In addition to the Song Requirements list above:
- everyone must appear in the video for at least 20 seconds
- there must be dancing (20sec minimum)
